### **DELTA WET 1000** **AGRICULTURAL WETTING AGENT**

#### **DESCRIPTION**

DELTA WET 1000 is a clear liquid which has been specifically formulated for use as an agricultural wetting agent.

#### **APPLICATION**

DELTA WET 1000 is a non ionic surface active agent specifically formulated for use with agricultural chemicals for increasing spray coverage.

#### **BENEFITS**

- \* Highly concentrated for economy in use.
- \* Fully biodegradable.
- \* Increases spray coverage.
- \* Multi purpose product for a range of sprays.

#### **DIRECTIONS**

DELTA WET 1000 has been formulated for use where the addition of a surfactant is specifically recommended on the agricultural chemical label. Higher dilution rates may be required in specific circumstances.

The Product Information Sheet supersedes all previous issues for this product. Information contained herein is offered in good faith as being true and accurate to the best of our knowledge, but as the conditions of use are beyond our control, no guarantees are either stated or implied.

Where health or safety data given discloses a risk to the user or the environment, it is the responsibility of the purchaser to pass on the information to employees who may be using the product, ensuring that adequate safety procedures are used, including good industrial hygiene.
