### **LIFT OFF** GROUT AND TILE CLEANER

#### **DESCRIPTION**

LIFT OFF is a concentrated liquid acid cleaner used for the removal of cement smears, excess grout, rust stains, and efflorescence from ceramic tile, slate, terracotta, brick and most masonry surfaces.

#### **BENEFITS**

- Will not damage or etch tiles as spirits of salts (Hydrochloric Acid) is liable to do.
- No harmful or unpleasant odours.
- Is much safer for consumer to handle compared with spirits of salts.

#### **DIRECTIONS FOR USE**

1. Before applying LIFT OFF to entire area, do a TEST AREA with a 24 hour waiting period to test the ease of applications and desired results.
2. Rubber gloves and eye protection should be worn as this product is acid based. If skin contact occurs wash skin with soap and water.
3. Dilute LIFT OFF 1 to 4 in warm to hot water and apply solution to area to be cleaned then agitate with nylon or natural bristle brush. Allow solution to work on the tiles for five minutes.

**HEAVY GROUT DEPOSITS MAY REQUIRE STRONGER SOLUTIONS OR REPEATED APPLICATIONS TO REMOVE THEM.**

4. Before allowing area to dry, rinse thoroughly several times with cold clean water, agitating with scrubbing brush or pad to ensure complete removal of LIFT OFF from the floor.
5. Do NOT mix any other chemicals as harmful fumes may result.

The Product Information Sheet supersedes all previous issues for this product. Information contained herein is offered in good faith as being true and accurate to the best of our knowledge, but as the conditions of use are beyond our control, no guarantees are either stated or implied.

Where health or safety data given discloses a risk to the user or the environment, it is the responsibility of the purchaser to pass on the information to employees who may be using the product, ensuring that adequate safety procedures are used, including good industrial hygiene.
