MORNING

LOW FOAMING LIQUID ACID DAIRY DETERGENT

DESCRIPTION

MORNING Liquid is a low foaming acid dairy detergent formulated for use in third line or recirculated systems.

MORNING Liquid contains a unique blend of liquid acids and low foaming wetting agents to assist with cleaning and suspension of soils.

APPLICATION

MORNING is used each morning after milking and is a companion product to NIGHT TIME which is used each evening after milking.

Supervised farm trials carried out in hard water areas have shown that the MORNING/ NIGHT TIME system is the answer to maintaining Total Plate Counts (TPC) to less than 25,000.

BENEFITS

- Low Foaming
- Free rinsing.
- MORNING has been evaluated by the National Registration Authority and found to comply with Australian Standard AS1389.
- Excellent penetration action to prevent redeposition occurring.
- Highly concentrated for economy in use.
- Inbuilt sanitiser.

DIRECTIONS FOR USE:

BEFORE MILKING SANITISER.

Prepare a solution if IDYNE (or alternative) sanitiser and rinse whole plant including cooler, bulk milk vat and lines. Allow 5 litres of per set of cups. Drain machine thoroughly and milk directly.
