OZO

PLASTIC AND CHINAWARE DESTAINER

DESCRIPTION

OZO is a white non-dusting free flowing powdered product.

As OZO contains no harsh abrasives it cannot harm either plasticware, crockery, glassware, cutlery or urns.

OZO effectively soaks away stains and dried food residues in a simple one step action.

APPLICATION

OZO has been formulated to quickly and effectively remove stains and discolouration from plasticware and chinaware in a single soak. It is completely harmless to dishware and is easy to use.

BENEFITS

- Rapid removal of tea and coffee stains as, only a short soak in OZO ensures a clean perfect finish on crockery, plasticware, glassware, cutlery or urns.
- Rapid removal of dried-on food residues.
- Economy in use as only small quantities of OZO give a highly effective solution to quickly soak away stains.
- Safety in use as OZO contains no harsh abrasives to cause damage to plasticware.

DIRECTION FOR USE

As a general guide use 50 grams of OZO per litre of warm water and soak stained items until clean.

The Product Information Sheet supersedes all previous issues for this product. Information contained herein is offered in good faith as being true and accurate to the best of our knowledge, but as the conditions of use are beyond our control, no guarantees are either stated or implied.

Where health or safety data given discloses a risk to the user or the environment, it is the responsibility of the purchaser to pass on the information to employees who may be using the product, ensuring that adequate safety procedures are used, including good industrial hygiene.
