# RINSE FREE SANITISER

## DESCRIPTION

**RINSE FREE SANITISER** is a complex blend of quaternary ammonium compounds. Its superior germicide activity when compared to conventional quat based sanitisers combined with its “no rinse” properties provides the complete sanitising program.

## APPLICATION

**RINSE FREE SANITISER** is formulated as the final rinse sanitiser as part of the cleaning program in kitchen, canteen and food preparation areas. It can be used on any hard surfaces.

## BENEFITS

- Broad spectrum biocidal activity against both gram positive and gram negative organisms.
- Better disinfectant performance at lower use concentrations.
- Greater hard water tolerance sanitising activity at lower use levels.
- Superior organic soil tolerance.

## DIRECTIONS FOR USE

Apply **RINSE FREE SANITISER** using damp cloth or spray  
This will provide 150 ppm of active quat.

At this concentration it has F.D.A. clearance to sanitise without the requirement of a potable water rinse.

**RINSE FREE SANITISER** can be applied by spraying, fogging or mopping onto the required surface.

## HEALTH & SAFETY INFORMATION

See separate Material Safety Data Sheet available on request.

## PACKAGING

750 mL spray bottle  
5 Litre Polyethylene drum

The Product Information Sheet supersedes all previous issues for this product. Information contained herein is offered in good faith as being true and accurate to the best of our knowledge, but as the conditions of use are beyond our control, no guarantees are either stated or implied.

Where health or safety data given discloses a risk to the user or the environment, it is the responsibility of the purchaser to pass on the information to employees who may be using the product, ensuring that adequate safety procedures are used, including good industrial hygiene.
