TANKAID PLUS **BULK TANK CLEANER SANITISER**

DESCRIPTION

TANKAID PLUS is a blue acid liquid general purpose detergent.

TANKAID PLUS is medium foaming in use and is suitable for use in either hard or soft water.

APPLICATION

TANKAID PLUS has been specifically formulated for the cleaning of bulk tanks and "MANUAL" cleaning of machine parts.

BENEFITS

- Highly effective in soft or hard water.
- Medium foaming.
- Leaves stainless steel surfaces sparkling clean.
- Highly concentrated for economy in use.
- Combination of acid cleaner and sanitiser which assists in lowering total plate counts.

DIRECTIONS FOR USE

1. **Standard solution** - use 20ml for each 10 litres of water (65°C min).
2. Rinse milk residue from tank immediately after emptying.
3. Prepare a standard solution of TANKAID PLUS and clean the tank, taking care brush all inner surfaces of the vat including lids and bridge etc.
4. After cleaning, rinse the vat with clean water.

The Product Information Sheet supersedes all previous issues for this product. Information contained herein is offered in good faith as being true and accurate to the best of our knowledge, but as the conditions of use are beyond our control, no guarantees are either stated or implied.

Where health or safety data given discloses a risk to the user or the environment, it is the responsibility of the purchaser to pass on the information to employees who may be using the product, ensuring that adequate safety procedures are used, including good industrial hygiene.
